Noida, Uttar Pradesh, India • +91 9015725735 • vermakaran321@gmail.com • linkedin.com/in/karanverma-95944a219

PROFESSIONAL SUMMARY

Senior marketing leader with 6+ years scaling performance marketing, automation, and AI-driven growth functions for coaching, learning, and professional-development organizations. Currently heads a 10+ person marketing function at Erickson Coaching International – India, owning the full funnel from paid acquisition through CRM pipeline analytics to revenue attribution and founder-level reporting. Distinguished by a rare hybrid skill set: builds and ships proprietary Python and Google Apps Script automation alongside running Google Ads, Meta Ads, YouTube Ads, and SEO programs — turning fragmented multi-channel data into clear, board-ready decisions on spend, lead quality, and go-to-market strategy.

KEY HIGHLIGHTS

- **Team & Function Leadership —** Built and currently lead a 10+ member, multi-discipline marketing team spanning performance marketing, automation, content, and analytics.
- **Pipeline & Revenue Intelligence —** Designed the CRM analytics framework used to evaluate lead quality, disqualification patterns, and channel ROI across Google Ads, Meta Ads, YouTube Ads, WhatsApp, and form submissions.
- **Automation-First Marketer —** Ships own Python and Google Apps Script tooling for lead routing, OTP/virtual-number handling, and campaign scheduling — bridging marketing strategy with hands-on technical execution.

PROFESSIONAL EXPERIENCE

Erickson Coaching International – India — Head of Marketing

Gurugram, India | May 2024 – Present

- Lead a 10+ member cross-functional team across performance marketing, automation, content, and analytics, scaling ROI-focused acquisition for ICF-accredited coaching programs across India.
- Built an end-to-end CRM pipeline analytics framework tracking lead quality, disqualification rates, and team-level conversion across Google Ads, Meta Ads, YouTube Ads, WhatsApp, and form submissions — surfacing channel inefficiencies and informing budget reallocation toward higher-converting sources.
- Audited Google Ads performance via Windsor.ai across device, day-of-week, and network dimensions, identifying inefficient Demand Gen desktop spend and near-zero-conversion time windows for correction.
- Directed SEO strategy for erickson.co.in using Google Search Console data, building a query-opportunity dashboard and publishing long-form content to lift position 4–10 rankings for accreditation and ICF-related search terms.
- Designed and shipped Python and Google Apps Script automation (lead routing, OTP/virtual-number handling, scheduled email campaigns) to cut manual workload across marketing and sales operations.
- Produced management-level reporting on lead-source performance and channel ROI to brief leadership on pipeline health and go-to-market decisions, including lead-matching and data-quality workstreams for IDC 2026.
